- Nov 07 Frye Mtn. Contact Amy Beem 368 5288 morgapps@yahoo.com or Judy MacPheters

And remember.....

Call the ride host and let her know you are coming and how many will be coming with you.

Be considerate of other peoples' property and clean up after yourself and your horse.

If your horse kicks have a red ribbon in their tail. If he's green have a green ribbon in his tail.

If someone is trying to mount don't ride off and leave them alone. Wait until they are on and seated.

Ride at the level of the greenest horse or rider in your group.

When passing others announce your intentions to the riders in front of you then pass quietly. No galloping by!

Keep a safe distance. When looking between your horses' ears you should be able to see the heels of the horse in front of you. Increase this distance as you increase your speed.

When crossing a road go together as a group. Don't split the group and have cars whizzing between horses who could become upset because their buddy is too far away.

Extra extra caution when riding with children, the elderly or anyone compromised or riding with a disability.

Ride safe, ride smart and ride a lot.
